

May 11, 1979

LR 90

and then in turn this year, the exchange took place and reversed itself around. I personally know several of these young men, Gary Garnick from Ord who I think is a very fine young man, as well as the others. This exchange allows two countries to exchange ideas between young people. It makes it better so they better inform themselves. They discuss problems and seek a better way and an opportunity to improve conditions between nations. I, therefore, move the adoption of this resolution.

SENATOR CLARK: Before we go to the next speaker, I would like to introduce before they leave 88 fourth graders from Carriage-Hill Elementary School, Senator Keyes District. They are in the South balcony. Would you raise your hands and let us know you are there? Welcome to the Legislature. Senator Cope.

SENATOR COPE: Mr. President, members, I would just like to add my endorsement to this resolution. I am well acquainted with Arlen Gangwish. I believe that young people like this can do a better job, I shouldn't say better, but an extremely fine job of representing our country in living in a country like Japan for this period of time and sometimes our ambassadors in government because they get with the people, they get acquainted and young men of this stature and the kind of people they are do us a tremendous lot of good. Please join with us in this resolution.

SENATOR CLARK: Senator Duis.

SENATOR DUIS: Mr. President, members of the Legislature, I would like to add my vote of confidence to the resolution and especially to Michael Joseph Taft of Lexington, Nebraska who was a member of the group.

SENATOR CLARK: All right, is there any further discussion of the resolution. The motion is the adoption of the resolution. All those in favor vote aye, opposed nay.

CLERK: Senator Clark voting aye.

SENATOR CLARK: Have you all voted? Have you all voted now? Record the vote.

CLERK: 36 ayes, 0 nays on the adoption of the resolution, Mr. President.

SPEAKER MARVEL PRESIDING
